We Are

Members of A. B. A.

Members of the American Bankers Association are protected by a world-wide detective service. Pursuit by this service of criminals who have robbed or defrauded member banks is so relentless that burglars have been known to return stolen money when they learned that the bank robbed was a member of the A. B. A. In one such case the returned money was accompanied by a note in which the burglar asked, "Why didn't you hang your membership sign where I could see it?"

There are, of course, other advantages in A. B. A. membership, but this is of interest to our customers and prospective customers.
